RACING FORCE GROUP

The Group

Racing Force is the leading Group in the Motorsport Safety Product Industry with the most advanced and complete range of protection & performance products used worldwide by top professionals, amateur athletes, racing teams and car manufacturers from Formula 1® to World Rally Championship®, Sportscar racing, Stockcar, Rally-raid and Karting. In the last ten years Racing Force Group won more than 60 FIA World Championship titles along with IndyCar®, NASCAR® and Supercars® Championships. In order to gain international visibility and boosting its development plans, Racing Force is now a dual listed company: since November 2021 is listed on the Euronext Growth Milan market (RFG), and since September 2022 it entered also into the Euronext Growth Paris market (ALRFG). Racing Force Group (RFG) lies in the breadth of our iconic brand portfolio, our people, our vendors and our customers. The Group's core moral principles and work ethics include values such as integrity, respect, dedication, determination, diversity, sound judgment, dependability, accountability, teamwork, loyalty, quality and safety. We obtain success through a positive mental attitude, optimism, vision, courage, proactiveness and passion: this is our strength.

RACINGFORCEGROUP

The Racing Spirit brand has been created with a clear mission: to transfer into clothing the passion and experience of OMP, that worked side by side with the most successful teams and drivers in fifty years of motorsport history.

Racing Spirit garments are made by enthusiasts for enthusiasts. They can be worn every day, in free time or during racing events, ranging from the paddocks of the hottest Formula 1 races to the service parks of winter rallies, in every weather condition. This versatility makes Racing Spirit an ideal choice for different challenges as well, such as those in the yachting world.

Racing Spirit offers a complete range of clothing and accessories for men and women, designed, and developed in Italy, combining style, comfort, performance, and functionality.

Racing Spirit is the meeting point between Made in Italy philosophy, high-end quality, sustainable materials, and innovations, such as the use of graphene.

As for every Racing Force Group brand, the Racing Spirit's DNA contains the desire to always be at the top, setting new benchmarks in the industry.

BREATHABLE

Discovered in 2004, Graphene is the strongest, lightest material with the highest thermal conductivity properties known so far. Thanks to its properties, it is a fantastic thermoregulator: it warms when it's cold and dissipates excess heat during activity. It also has antibacterial effects and protects against harmful UV rays.

Our technical polo and tees are designed to move naturally and effortlessly providing the performance you need. Synthetic materials have come a long way in terms of quality and performance.

Once seen with skepticism, polyester and Nylon products are now a technological advanced way of manufacturing clothing for the activewear and sports brands. Develop to enhance comfort, synthetic fabrics quickly disperse sweat thanks to their structure and keeps the body cool and dry. Our spirit of innovation lives on by holding and enhancing the virtues of both OMP Racing and Bell Helmets.

TECNO PIQUÉ

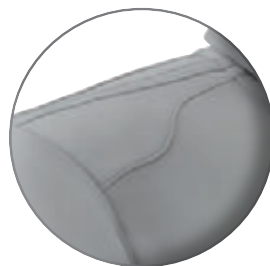

This single jersey piqué with Micro-Fresh technology is the latest evolution of polyester textiles featuring many characteristics that make this European fabric a consumer favorite. It's designed and manufactured to guarantee total freedom of movement and comfort in any situation. It also features an anti-pilling finish that makes this stay smooth and comfortable. Antibacterial treatment.

Racing Spirit

THE RACING SPIRIT

Win or lose tomorrow is another day and we will start again. It's not how many times we fall, it's about how many times we stand up: this is what we do everyday, it's in our blood.

The only goal is winning, second place is first place loser. At all times we're ready to solve problems, we're for teamwork, we love competition and we're born to race.

We push ourselves for milliseconds, to save fuel or weight... we engineer, design, manufacture, tweak, test, tweak some more, test again, race and push ourselves to the limit. Great is not enough because tomorrow someone will be better than us.

The Racing Spirit is a never-ending quest to be the best on and off the track!

CUSTOM PROJECTS

CORPORATE

SALES TERMS

By placing an order, the buyer accepts and unconditionally agrees with the conditions described in this document, and undertakes to follow them during the course of the business relationship with Racing Force, declaring to have read and accepted them. The buyer also agrees that Racing Force don't consider themselves bound to different conditions, except where agreed in writing in advance. The buyer accepts the terms of sale indicated below. In the event of any legal dispute, the Court of Genoa, Italy, is competent.

Racing Force reserves the right to modify the terms of sales anytime, also in view of possible regulatory changes.

For any request of clarification or complaint, contact the following email address: info.rf@racingforce.com

CHARACTERISTICS AND PRICES OF PRODUCTS The price indicated are VAT excluded. The characteristics and technical data of the items presented in this catalogue are not binding and can be changed without notice. The products' colors can also be considerably altered.

RETURNED ITEMS – DELIVERY TIME Racing Force is not responsible for delayed deliveries and will not pay for possible consequent damages. Returned goods will be accepted only when authorized by Racing Force, provided with regular goods return note, and carriage paid. Racing Force will charge all the costs deriving from damages on the returned goods or missing parts. Defective or not functioning items that will be returned after having been purchased will be repaired in the necessary time and will not be substituted by new ones in any way. Orders made in writing (fax, mail, e-mail, etc.) will be considered automatically confirmed and will be forwarded in accordance with the normal procedure. The goods travel at the risk of the consignee, and any damage caused during the carriage will be charged to the consignee.

CARE AND MANTAINANCE Before the use of any item, carefully read the labels and the user's manual, and strictly follow the instructions. Improper use or mantainance void the guarantee and relieve Racing Force from any responsibility towards the user.

The items shown in this catalog are not safety devices.
